Mailback ☒

Permanent collection site ☐

Collection events ☐

Retailer ☐

9a. Identity of the person responsible for coordination of the Takeback program.

Name: Kim Alvestad
206-765-4012

e-mail address: alvestad@amazon.com

Phone #:

9b. Please describe your Takeback program.

Amazon Fulfillment Services, Inc. ("Amazon") has chosen to maintain a private electronic waste collection program using a mail-back collection for Kindles. This program is currently operated through Li Rising dba Re-teck. Customers wishing to learn about the program can visit www.amazon.com/kindle/recycling. There are two ways that customers can take advantage of the program. First, we provide customers a link to the website of Li Rising dba Re-teck. Once on Li Rising dba Re-teck website, then customers are asked to enter their name and mailing address to generate a UPS shipping label. After the required information is entered, customers are directed to print a UPS shipping label that is prepaid by Amazon. Customers are then asked to follow the packaging guidelines and drop their Kindles off at a UPS pickup site. Second, if customers prefer, they can contact Kindle Support for packaging and mailing instructions. We provide them with instructions to reach our Kindle Customer Service representatives via phone or email. Amazon certifies that it intends to use Li Rising dba Re-teck as an R2 certified supplier that distributes components for recycling throughout their network of recyclers and does not dispose recyclable components in landfills.

9c. Are appropriate devices covered with your Takeback program? Check appropriate box:

If you are a manufacturer of computers do you accept all brands?

Yes ☐

No ☒

N/A ☐

If you are a manufacturer of video display devices do you accept all brands?

Yes ☐

No ☒

N/A ☐

TAKEBACK PROGRAM REPORT (include this information beginning with the first registration submitted after the implementation of the Takeback program)

12a. List the number of permanent collection and/or recycling locations in the state of Michigan. 0

- a(1) The number of those collection sites that are located in counties with a population of less than 20,000 people. 0

12b. The number of collection events held during previous registration year in the state of Michigan. 0

12c. List the weight of the covered electronic devices received by the Takeback program from consumers during the prior year:

0 tons thru collection locations 0 tons through collection events 0 tons through retailers 1.84 tons by mailback.

13. Describe the processes and methods used to recycle or reuse the covered electronic devices received from consumers: Customers can also send products back for recycling or for returns. Returned products that can function and in good shape are refurbished and re-sold on the website. Products that do not function or not in a re-sellable condition join products from our mailback program to be recycled. Li Tong Dba Reteck recycler took over from Eco International. Currently, they wipe the hard drives and disassemble out products into re-usable parts to be used in other devices. Components that are not re-usable are recycled using R@ approved methods.

I, the undersigned registrant, swear and affirm, UNDER PENALTY OF LAW, that the statements contained herein are true and correct. I certify under penalty of law that the information contained on this form, to the best of my knowledge and belief, is true, accurate, and complete. I am aware that there are significant penalties for submitting false information.
